340B Contract Pharmacy Management Solution

340B Program Overview

The 340B Drug Pricing Program is administered by the U.S. Department of Health and Human Services, Health Resources and Services Administration (HRSA) – Office of Pharmacy Affairs. This Program provides substantial front-end discounts for eligible-covered entities. Significant savings on pharmaceuticals may be seen by those entities that participate in this program.

The 340B Drug Pricing Program allows 340B covered entities to utilize contract pharmacy services to dispense section 340B outpatient drugs. Participation in a contract pharmacy service arrangement gives the covered entity access to the discount pricing, allowing the covered entity to provide pharmacy services to eligible patients as permitted in the PHS Act.

The Ramsell Public Health Rx Solution

Ramsell Public Health Rx offers a complete solution for eligible entities seeking to take advantage of 340B discount pricing through contract pharmacy arrangements. We can handle everything from set-up and implementation through the ongoing management of pharmacy services that you provide. We will enable you to maximize tremendous savings opportunities afforded by the 340B Program and improve access to prescription services for your patients. Our total solution is geared towards increasing program efficiencies and revenue capture through:

- Designing and developing contract pharmacy arrangements that best meet your needs.
- Delivery of complete pharmacy contract management services, which include contract pharmacy management and clinical oversight.
- Full-service PBM solution with claims adjudication, utilization reporting, system and program audits, and ongoing maintenance of the 340B formulary.
- Implementation and management of a virtual inventory process
- Electronic data management system to administer inventory replenishment and drug ordering processes
- Provision of electronic data management for drug diversion prevention and covered entity patient tracking
- Ongoing monitoring of constantly changing 340B compliance requirements

Why Ramsell Public Health Rx

The Ramsell Companies have more than forty (40) years of experience serving medically-indigent communities and successfully administering government sponsored prescription programs. **Ramsell Public Health Rx** is uniquely qualified to navigate the complexities of the 340B Program for the maximum benefit to your Program and your patients.

Our Heart is in Public Health
