

Ramsell Corporation: A History of Caring and Excellence

For over 25 years, Ramsell has worked closely with county, state and federal health administrators to tailor pharmacy and IT-related services for citizens that rely on public health services. Founded as a single pharmacy in 1964, Ramsell Corporation is now the parent company to three public health related businesses. Each Company is 100% committed to serving the underserved and most fragile amongst us. Ramsell's Family of Companies includes:

Ramsell Public Health Rx is a pharmacy benefits manager (PBM) focused solely on serving the public health sector. Ramsell Public Health Rx is a fully transparent PBM providing its clients with complete control of their pharmacy benefits program. The company provides specialized public health services to administer government programs including the AIDS Drug Assistance Programs (ADAP), State Pharmacy Assistance Programs (SPAP) and 340B Pharmacy Network management.

Ramsell Pharmacy Solutions harnesses the expertise of licensed pharmacists within the Ramsell family of companies to provide clinical services to the PBM unit. As with all of the companies within the Ramsell family, Ramsell Pharmacy Solutions focuses on providing quality services to the underserved and medically indigent, always seeking to improve medical outcomes.

The aim of **Ramsell Information Technologies** is to provide best in class healthcare benefits software. Building upon a powerful base of proprietary technology developed over a 20 year period at Ramsell Corporation, Ramsell Information Technologies designs, builds and supports standard and custom software to administer programs in the public healthcare sector.

Each subsidiary is obligated by its charter to provide the **Flowers Heritage Foundation** anything it needs to provide the programs it supports for free. In this manner, Flowers Heritage Foundation can do something no other nonprofit can do! 100% of all monies raised go directly to benefit programs. Nothing is consumed for Flowers Heritage Foundation's ongoing costs or infrastructure.
