

Ramsell Public Health Rx Solution

Building on forty years of serving the underserved, **Ramsell Public Health Rx's** Pharmacy Benefit Management Solution is designed to meet the specific needs of Public Health programs. **Ramsell Public Health Rx's** unique approach to providing Pharmacy Benefit Management services integrates proven processes with customizable and configurable systems.

The **Ramsell Public Health Rx** suite of PBM services can be a comprehensive service offering or it can be modularized for specific service needs.

The offering, whether a full-service or component solution, will result in improved program efficiencies and offers multiple benefits including:

- Full transparency – open communication with clients regarding performance and pricing.
- Program consultation and design – tailored to your requirements and expectations.
- Improved program data management – systems that provide real-time access to data, and reports that can be used for program trending and forecasting.
- HIPAA compliant – systems and technology that are HIPAA secure and compliant.

Why Ramsell Public Health Rx

- Forty (40) years of experience in exclusively administering Public Health programs.
- Focused on improving lives of the medically indigent, and on improving patient outcomes.
- Committed to helping PH entities stretch their dollars while maximizing healthcare value.

Other Program Management by Ramsell Public Health Rx

We also provide our PBM solution to State Pharmaceutical Assistance Programs (SPAPs). **Ramsell Public Health Rx** can design workflows and processes that will assure adherence to your unique SPAP eligibility requirements.
